Case No. 1:18-01654

Motion for Summary Judgment 12th, 2018

No 1. As of September eleventh no appearance form has been show by the Governors Office. The Governors Office and the Department of States office has not placed an Attorney on Record to the Grievance. Indigence is unusual for the Federal Court as a result the defendant, the Petitioner must move for Summary Judgement to prevent delay to the commonwealth courts ability to decide local matters.

No 2. Normal response period is 10 days for election matters in the Commonwealth. Generally in the Commonwealth of Pennsylvania elections matters are of top priority and of very serious nature, Qualified Elector issues of this nature are expedited Quickly and not typically Ignored by Commonwealth Administrators.

We have now seen a full twenty (21) days of deflection pass with out an appearance or a response or answer from the Governors office or department of state, any time with in 20 days for the filing would be considered timely.

No. 3 The 45 days extension will take us in to near the end of the Month of October.

No. 4 Postponement of the General Election in the Commonwealth may be required to remedy the Grievance If the Governor fails to respond or fails to timely respond to the court. Attorney General and Commonwealth court have not provided an attorney of record form.
